

Acme Import Co

We're delighted to welcome our latest member to the ESMA International Network Community – Acme Import Co from the USA.

Acme Import is a family owned company that is a specialty food importer and US brand builder which was founded in 2010.

Acme imports a wide range of specialty and natural foods from all over Europe, including such brands as Mount Hagen organic fairtrade coffee from Germany, La Perruche sugar from France, Familia Muesli from Switzerland and Typhoo teas from the UK.

Acme provides master distribution across the United States and its territories, covering all trade classes. They pursue trade marketing programs to assure product growth through points of

distribution and increased turns on shelf.

With deep, firsthand knowledge of the U.S. retail, distribution, and logistics landscape, they help international brands successfully navigate the complexities of entering and growing in the U.S. market. Acting as an extension of their brand partners' organizations, they focus on building long-term, sustainable growth by securing new points of distribution across all channels, using strategic analytics to identify opportunities, and executing targeted trade promotions that drive trial, awareness, and repeat purchase.
